1 A. In general, sure, technological changes happen all the
2 time, so there was other things coming up.

3 Q. Okay. And you mentioned you had a conversation with Ryan
4 Sikes about BVU. Do you remember talking to anybody else
5 about BVU?

6 A. In what regard?

7 Q. Well, just the issue of their deployment...

8 A. In the data zone?

9 Q. ...in the telephone zone.

10 A. I probably talked with my -- some of my engineers that
11 covered that area that asked questions about it. I
12 probably would have talked to my construction team about
13 it, but I don't remember specific dates and conversations.

14 Q. Do you remember who were some of those people?

15 A. Marcy Buckles, who we talked about. She had some of the
16 territory for a while.

17 Q. What did Ms. Buckles have to say about it? Do you
18 remember?

19 A. I don't. She just -- she told me that she wasn't there
20 when that was deployed and that when she went back to the
21 Bristol area to cover that, it was already set up that
22 way.

23 Q. Did you -- are you aware that Erwin has an internet system
24 currently, Erwin Utilities?

25 A. I have heard that they sell internet services, yes, sir.
